

Cactusnet Coordinators met on Tuesday 25th 2020 to discuss the progress of the network's activities. We had a fruitful meeting, which allowed us to assess the current difficult situation as a result of Covis-19. The pending activities were analyzed. To ease the process it was recommended to rely on the use of digital technologies which would allow us to reach more people. "We think that we can make a leap in the transfer of technical knowledge with these new tools available"
